State Election Commission,
Himachal Pradesh

FOREWORD

The State Election Commission Himachal Pradesh has so far conducted six general elections to Panchayati Raj Institutions and Urban Local Bodies in the State. While general elections to all local bodies in the State have been conducted in 2021, Shimla Municipal Corporation elections were due in June 2022. However due to various issues documented in these reports, the elections could not be held in time and were finally conducted in May 2023. At the same time, since the system of local self government is dynamic and the status of representatives keeps on changing, thus it is imperative that the vacancies arising due to a variety of reasons in various Urban and Rural Local bodies of the State be filled in time so that the people may not be deprived of their right of representation. Also, in absence of adequate representation at local level, various government schemes cannot be implemented and development work is hampered. Thus elections to Shimla Municipal Corporation and bye-elections to casual vacancies throughout the State were conducted in the month of May, 2023 so that the vacancies are filled up swiftly.

The two reports (**Part-A** pertaining to General Election to Municipal Corporation Shimla and **Part-B** pertaining to bye-elections to Panchayati Raj Institutions) aim to gather and document information on these elections in a consistent manner. The reports have been made keeping in mind the recurrent need of using election data by various stakeholders and I hope that these reports will be helpful in achieving its desired outcome. I wish to take this opportunity to place on record the sincerity displayed by all field officials to ensure smooth, fair and transparent conduct of these bye-elections. Without their hard work and devotion to duty, it would not have been possible to conduct these elections. Special thanks are also due to the electorate and the contesting candidates for participating enthusiastically in this festival of democracy at the grass roots and making it a grand success. And of course, not to forget, the extremely knowledgeable and committed staff in the Commission Headquarters, without whose involvement and commitment, the elections would be difficult. They all deserve appreciation of the highest order.

1. A Brief History of Shimla Municipal Corporation:

1.1 Shimla Municipal Corporation is one of the oldest municipalities of India and dates back to 1851. This was the first municipality in pre-Independence Punjab. The first elections were held on August 26, 1855.

1.2 The Shimla Municipal Committee was declared as Class I Municipality on July 31, 1871. In 1884, with the introduction of the Punjab Municipal Act, the town was divided into two wards for the purposes of elections – the Station Ward and the Bazaar Ward. After Independence, adult franchise was adopted for local bodies and Shimla was divided into fourteen single member wards and one double member ward. The elections of 1953 and 1960 were held on this basis. In 1962, in keeping with the town's expanded population, the number of wards was increased to nineteen. Elections scheduled for 1963 did not take place and in 1966, the Punjab Government superseded the Committee. A court order reinstated the Committee in 1967; however fresh elections were not held as the Capital of Himachal Pradesh (Development and Regulations) Act, 1968, was passed and the Committee was converted into a Corporation, totally manned by nominated members. Subsequently in 1986, elections were held.

2. Constitutional Amendment and Statutory Provisions

2.1 Constitution (Seventy Forth Amendment) Act, 1992 has introduced a new Part IXA in the Constitution, which deals with Municipalities in article 243 P to 243 ZG. This amendment came into force on 1st June 1993. It has given constitutional status to the municipalities. State Governments now have constitutional obligations to set up the Municipalities as per article 243Q. All the members of a Municipality are to be directly elected by the people of the Municipal area and for the purpose of making the electorate, the municipal area will be divided into territorial constituencies known as Wards.

2.2 Article 243ZA provides that the superintendence, direction and control of the preparation of the electoral rolls for, and the conduct of, all elections to the Panchayats and municipalities shall be vested in the State Election Commission.

2.3 Pursuant to the Constitutional Amendment, Himachal Pradesh Municipal Corporation Act, 1994 was enacted to consolidate, amend and replace the law relating to the establishment of Municipal Corporations for certain Municipal areas in the State of Himachal Pradesh and it initially provided for a maximum of 25 wards in the Corporation. However the number of wards has subsequently undergone change. It was enhanced to 37 in 2017 Vide Act No. 5 of 2017 (although only 34 wards were delimited). In 2022, the maximum number of wards was further enhanced to 41 through an Ordinance on 01.02.2022 (subsequently ratified through a Municipal Corporation (Amendment) Act 2022 (**Annexure I**), but the delimitation exercise underwent certain legal challenges and before the elections to these 41 wards could be conducted, the number of wards was reduced to 34 via an amendment through an Ordinance on 24th January 2023 (**Annexure II**) which has subsequently been ratified through the Municipal Corporation (Amendment) Act 2023 (**Annexure III**).

3. Legal Challenges to the Delimitation of Wards:

3.1 The constitution of a new Municipal Corporation was due latest by 18th June 2022. Accordingly, the State Election Commission issued directions on 14.01.2022 to Deputy Commissioner Shimla to carry out the delimitation of wards (**Annexure IV**). The delimitation exercise was accordingly carried out by the Returning Officer cum Deputy Commissioner Shimla and the delimitation of 41 wards was notified by the Commission on 10.3.2022 (**Annexure V**). The reservation roster was also published on 11.03.2022.

3.2 However 2 Civil Writ petitions (CWP 1391 /2022 & 1442 /2022) were filed in the Hon'ble High Court of Himachal Pradesh challenging the delimitation and the Hon'ble Court ordered status quo as was existing on date. The matter was reserved for orders on 13.5.2022 and the Orders, finally pronounced on 03.06.2022, allowed both the petitions and the impugned order dated 24th February, 2022, passed by the learned Deputy Commissioner, Shimla, was set aside qua delimitation of Ward No.11- Nabha (new Ward No.12-Nabha) and Ward No.5-Summerhill (New Ward No.6-Summerhill) and the learned Deputy Commissioner, Shimla was directed to dispose off the objections moved by the

petitioners afresh, in accordance with law, after appreciating the material available on record.

3.3 The Deputy Commissioner heard the petitioners afresh and issued orders of delimitation of these specific wards afresh on 24.6.2022. The appeals against these orders were dismissed by the Divisional Commissioner Shimla vide his orders dated 08.07.2022.

3.4 Once again, dissatisfied with the order of delimitation of these wards, the same petitioners approached the Hon'ble High Court through CWP 4574/2022 & 4579/2022, which stayed the delimitation orders. Although the State Election Commission argued that the frequent legal challenges were delaying the constitution of the new Municipal Corporation and even filed a SLP in the Hon'ble Supreme Court seeking vacation of the stay granted by the Hon'ble High Court, the Hon'ble High Court once again remanded the matter back to the Deputy Commissioner on 21.09.2022 to pass orders afresh before the Hon'ble Apex Court passed any substantive orders on the SLP filed by the Commission.

3.5 Aggrieved by the orders of the Hon'ble High Court, the Commission once again approached the Hon'ble Supreme Court vide SLPs No. 20999 & 21010 of 2022 seeking stay of these orders and to permit the Commission to proceed with the entire election process. The Hon'ble Apex Court, by an order dated 5th December 2022, stayed the operation of the order of the Division Bench of the High Court,

3.6 However before the Hon'ble Supreme Court could pronounce its final verdict in the matter, general elections to the Vidhan Sabha were called and it resulted in a change of Government. The new Government, vide an Ordinance on 24.01.2023, notified the number of wards in Shimla Municipal Corporation as 34. Since there was no change in the number of wards, the basis for population continued to be the census of 2011 (as was the case in the previous exercise of delimitation in 2017) and there had been no change in the geographical boundaries of the Corporation, the State Election Commission came to considered view that there was now no need to order any fresh delimitation and hence ordered that delimitation of Wards in respect of Municipal Corporation Shimla as finally notified vide Notification No. SEC-(13)-8/2016-1053 dated 06.12.2016 shall be treated as final delimitation of Wards for ensuing General Election to Municipal Corporation Shimla

and the same was republished in the Official Gazette on 15.02.2023 (**Annexure VI**), after seeking approval of the Hon'ble Supreme Court to withdraw the SLPs. The Hon'ble Apex Court was pleased to order that 'In view of the provisions of the Ordinance, no further directions are necessary in these proceedings, save and except to observe that the order of the High Court, which is impugned in these proceedings, shall cease to hold the field as a result of the provisions of the newly issued Ordinance'.

3.7 Before conduct of elections to Municipal Corporation Shimla, a long legal battle was fought for almost one year wherein 8 CWP were filed against the delimitation of wards, reservation of wards, preparation of Electoral Roll etc and in order to safeguard the mandate of the Constitution of India, the Commission made every efforts to conduct the elections as soon as possible. In this course, one caveat, 6 Miscellaneous Applications were filed before the Hon'ble High Court of Himachal Pradesh besides various mention memos, but the pleadings of the Commission did not find favour in the Hon'ble High Court.

3.8 In order to carry out the mandate of the Constitution the Commission filed 4 SLPs and 4 Miscellaneous Applications in the Hon'ble Supreme Court of India.

3.9 In all 8 CWP, 4 SLPs, one caveat and 10 Miscellaneous Applications and various mention memos were filed in the Courts, detail of which is at **Annexure-VII**

4. Election Programme:

4.1 As part of the preparatory programme for the conduct of elections to the Shimla Municipal Corporation, Deputy Commissioner was requested to publish the details of polling stations for 34 wards of Municipal Corporation Shimla for the ensuing general elections as required under Rule 30 (4) of the HP Municipal Corporation Election Rules, 2012 (**Annexure VIII**). The same was notified by the Deputy Commissioner on 17.02.2022 as per **Annexure IX** and Corrigendum dated 23.02.2023 (**Annexure X**). The Commission also issued a programme for updating electoral rolls on 16.02.2023 (**Annexure XI**) together instructions for preparation of draft electoral rolls (**Annexure XII**)

4.2 Subsequently, the State Election Commission, in exercise of the powers vested in it under Article 243ZA of the Constitution of India, Section 9 of the HP Municipal

Corporation Act, 1994 read with Rule 14 of HP Municipal Corporation Election Rules. 2012 issued a schedule for preparation of polling station wise electoral rolls of Municipal Corporation Shimla on 24.02.2023 (**Annexure XIII**) together with detailed instructions for the preparation of electoral rolls (**Annexure XIV**).

4.3 However during the currency of the exercise to prepare the updated electoral rolls for Shimla Municipal Corporation, the State Government amended certain rules pertaining to eligibility for registration as an elector, which necessitated extension of the time line for filing claims and objections for inclusion in the electoral rolls (**Annexure XV**). The final election programme for elections to Shimla Municipal elections was issued by the Commission on 03.04.2023 (**Annexure XVI**).

5. Preparation of Electoral Rolls & Number of Voters:

5.1 The Commission used the final electoral rolls of the recently concluded Vidhan Sabha Elections to prepare the draft electoral rolls for Shimla Municipal Corporation across 34 wards. The number of such voters stood at 78,833 comprising of 40,922 male voters and 37,911 female voters. However all persons who had completed the qualifying age of 18 years as on 01.01.2023 for eligibility to be included in the electoral rolls, and all other persons who were ordinarily residing in Shimla but did not find their names in the draft electoral rolls for any reason were given a chance to file claims for inclusion between 07.03.2023 & 16.03.2023 initially. Because of certain amendments in the rules regarding eligibility of persons to enroll as voters in Shimla Municipal Corporation, the date was extended to 20.03.2023. The final electoral roll published on 06.04.2023 had a total of 87,189 voters comprising of 45,793 male electors and 41,396 female electors.

5.3 However the law provides one more opportunity to all those desirous of filing claims for inclusion in the electoral rolls. Under Rule 26 of the HP Municipal Corporation Election Rules 2012, any person whose name is not included in the electoral roll can make an application for inclusion of his/her name not later than 8 days before the last date for filing of nominations. During this period 7,843 applications were received but 1,112 were rejected and only 6,731 were included in the supplementary rolls. Thus a total of 93,920 electors were part of the electoral rolls for Shimla Municipal Corporation election. This

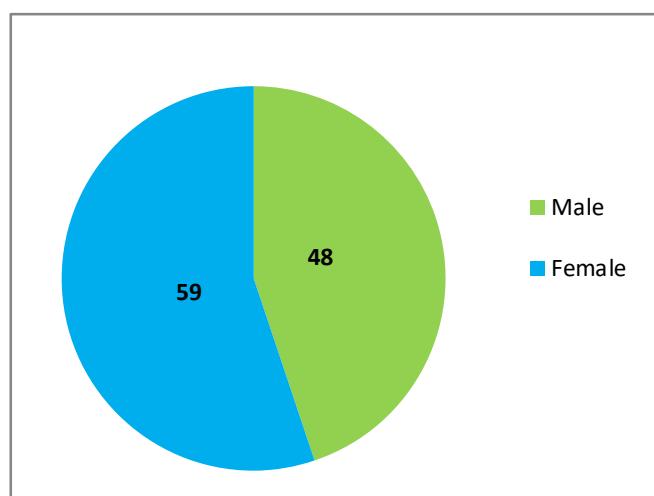

represents a nominal increase of 2,427 voters (2.65%) over the final electoral rolls for 2017 elections. The ward wise, gender wise, age group wise details of the electors can be seen at **Annexure XVII**).

6. Reservation & Contesting Candidates:

6.1 When the Commission issued the programme for preparation of electoral rolls, it also advised the State Government to issue the reservation roster based on the extant Rules. However the Rules pertaining to reservation of wards underwent two amendments in the space of 10 days (**Annexure XVIII & Annexure XIX**) and finally the reservation roster was issued on 1st April, 2023 (**Annexure XX**).

6.2 Although statutorily, 17 wards are reserved for women, great enthusiasm was witnessed among women wanting to contest the Municipal Elections. Thus out of a total of 107¹ nominations filed, 39 women candidates filed their nominations from wards reserved for women candidates, 8 women filed their nominations for ward reserved for Scheduled Caste Women, 1 woman filed her nomination from ward reserved for Scheduled Caste candidates while 11 women filed their nominations from unreserved wards. Thus the total women candidates numbered 59, i.e. 55% of all validly filed nominations.

Graph 1: Number of Nominations Filed 2023

¹ Technically 109 nominations were filed but 2 candidates filed two applications each and hence one each was rejected during scrutiny.

6.3 The largest number of 6 valid nominations was filed from Ward No. 13 Krishnanagar, while 10 wards had only 2 applications each. After 5 candidates withdrew their nominations before the last date, the distribution of finally contesting candidates was as under:

Table 1 : Distribution of Contesting Candidates in Different Wards

Number of Contesting Candidates in a ward	Number of Wards	Total Contesting Candidates
2	10	20
3	16	48
4	7	28
5	0	0
6	1	6
TOTAL	34	102

6.4 If we analyze the age profile of the contesting candidates, the oldest candidate was 67 years while the youngest candidate was only 26 years old. The age distribution of the contesting candidates can be seen in the next table.

Table 2 : Age Profile of the Contesting Candidates

Sl. No.	Age group (years)	Number of Contesting candidates

2.	30-40	12
3.	40-50	48
4.	50-60	25
5.	Above 60	13
	Total	102

6.5 Elections to the Municipal Corporation are fought on party symbols. The two major parties viz BJP and Congress put up candidates from each of the wards, two other nationally recognized parties viz. CPI (M) & AAP put up 4 & 21 candidates respectively. 9

Independent candidates also sought mandate from the electorate to represent them in the Corporation.

7. Voter Facilitation Initiatives.

7.1 It has always been the endeavor of the State Election Commission to ensure maximum participation of the electorate in the poll process so that a truly representative Corporation is elected. Because of the natural topography of a hill station like Shimla, access to the polling stations by the sick, the aged and ‘specially able’ is a matter of concern. To facilitate such voters who had crossed 80 years of age, or had a ‘disability’ in excess of 50% or were quarantined due to covid-19 restrictions, the Commission issued guidelines to facilitate voting at home through postal ballot papers (**Annexure XXI**).

7.2 A total of 227 electors conveyed their desire to avail of this unique postal ballot facility and finally, 208 voters actually exercised their right to vote through this medium. The ward wise details of number of voters who finally exercised their franchise through postal ballot paper under this provision can be seen at **Annexure XXII**.

8. Voting

8.1 The poll was scheduled for 2nd May 2023 between 8 Am and 4 PM. A total of 153 polling booths were set up for enabling the electorate to cast their vote. The largest number of 7 booths was set up in Wards 13-Krishna Nagar, 14-Ram Bazar (Ganj) and 28-Chota Shimla. Ward wise details of polling booths can be seen at **Annexure XXIII**. Polling booth No. 1-MC Regional office first Storey Dhalli in ward No.20-Upper Dhalli had the largest number of 1251 registered voters while polling booth No 3-Himachal Pradesh Institute of Public Administration (HIPA) Dhalli in ward 21-Lower Dhalli had the least number of 74 registered voters.

8.2 55,385 voters chose to exercise their franchise on that date, comprising of –29,504 male voters and 25,881 female voters. Thus, the turnout of voters was 58.97% of the total electorate. Gender wise, 59.29% of male voters and 58.60% of female voters cast their ballot. Ward wise, gender wise polling details can be seen at **Annexure XXIV**.

8.3 As is evident from the **Annexure XXIV**, the highest polling percentage of 74.9% was recorded in Ward No. 23-Bhatta Kuffar while the lowest polling percentage of 46.8% was reported from 26-Panthaghati Ward.

8.4 The elections were conducted with the help of EVMs, which were prepared under the supervision of BEL engineers. Political parties and contesting candidates were permitted to attend the entire process of preparation of EVMs for polling. In spite of the best efforts of the Commission, 1 EVM at Polling Stations No. 3 GSSS Boileauganj, Ground Floor West Part of Ward No. 8 Boileauganj needed replacement due to malfunctioning. This represented 0.65% of all EVMs used for polling.

9. Results

9.1 The counting of votes was taken up on 4th May 2023 in GSSS Chota Shimla at Kasumti because the strong room for storage of polled EVMs was also created in this school. The EVMs had been kept secure under the watch of the Armed Police force. A total of 8 counting tables were set up.

9.2 Indian National Congress emerged as the largest party as 24 of its candidates won the elections. The party wise performance has been tabulated below:

Table 3: Party wise result of counting

Sl. No.	Name of Party	No. of Seats contested	No. of seats won

2.	BJP	34	9
3.	Congress	34	24
4.	CPI (M)	4	1
5.	Independents	9	0
	Total	102	34

9.3 The largest victory margin of 773 votes was in 29-Vikasnagar ward, while the closest contest was witnessed in 33-Khalini Ward, where the winning margin was only 8.

In 5 wards, the winning margin was less than 50, while in 5 wards the winning margin exceeded 500.

9.4 Perhaps for the first time in the history of Municipal Corporation Shimla, elected women councilors outnumber the males by a considerable margin. The next table indicates the gender and age profile of the winners.

10. Concluding remarks

10.1 It has been the endeavour of the State Election Commission to ensure that people are afforded an opportunity to elect their representatives well in time. However the Shimla MC elections were delayed by nearly a year because of legal challenge mounted by certain affected parties/persons. The Commission also faced some additional challenges in the conduct of these elections because of the changes in the eligibility condition for enlistment as a voter and the delay in finalization of the reservation roster due to changes in the Rules. The State Government has a period of nearly four and a half years time to consider changes in the election law/Rules. Therefore, the Commission is of the view that there should be a total ban on any changes in the election Law and Rules six months prior to the date of constitution of the new House.

10.2 The Commission is also of the view that sufficient time and notice is given to the electors to check their name in the electoral rolls and get it included, if they are otherwise eligible and wish to be enrolled. The provision for inclusion of names not later than 8 days before the last date for nominations needs to be deleted because that time period coincides with the time when the election machinery is at its busiest and has very little time to carry out proper checks. It may actually be prudent that the State Election Commission be allowed to use the latest available electoral roll of the ECI and prepare the final roll after partitioning it into Parts and sections as per its own delimitation. It would also shorten the

entire election programme. This is the practice followed in several State Election Commissions and does not give rise to any controversies about the preparation of electoral rolls. Anybody desirous of being included in the rolls for the local body elections should first get themselves enrolled with the ECI in the relevant part.

10.3 The Commission also took the initiative to appoint two General Observers for these elections, who were senior IAS Officers. Five Expenditure Observers were also appointed for the first time to track expenses during the campaign period. The Commission has also decided to strictly enforce the legal obligation of all candidates to file their election expenses within a prescribed period and to debar the defaulters from elections for a period defined in the election laws/rules.

(AMENDMENT) BILL, 2023**

(As INTRODUCED IN THE LEGISLATIVE ASSEMBLY)

A

BILL

further to amend the Himachal Pradesh Municipal Corporation Act, 1994 (Act No.12 of 1994).

BE it enacted by the Legislative Assembly of Himachal Pradesh in the Seventy-fourth Year of the Republic of India as follows:—

1. This Act may be called the Himachal Pradesh Municipal Corporation (Amendment) Act, 2023. Short title
and
commencement.
- 5 (2) It shall be deemed to have come into force on the 24th day of January, 2023.
- 10 2. In section 6 of Himachal Pradesh Municipal Corporation Act, 1994, in clause (a), in the proviso, for the words “forty one”, the words “thirty four” shall be substituted. Amendment
of section 6.
3. The Himachal Pradesh Municipal Corporation (Amendment) Ordinance, 2023 is hereby repealed. Repeal and
saving.
- (2) Notwithstanding such repeal any action taken or anything done under the Ordinance so repealed, shall be deemed to have been done or taken under the corresponding provisions of this Act.

STATEMENT OF OBJECTS AND REASONS

Section 6 of the Himachal Pradesh Municipal Corporation Act, 1994 provides for delimitation of wards for the purpose of election of Councillors in the Municipal Corporation including maximum numbers of seats to be filled by election. The Government of Himachal Pradesh vide Himachal Pradesh Municipal Corporation (Amendment) Act, 2022 (Act No.10 of 2022), has increased the maximum number of total seats to be filled by direct election from existing 37 to 41. There are 05 Municipal Corporations namely; Shimla, Dharamshala, Mandi, Solan and Palampur in the State. Municipal Corporation Shimla having population of 169578 is divided into 34 wards, Municipal Corporation Dharmahsala having population of 53543 is divided into 17 wards, Municipal Corporation Mandi having population of 41375 is divided into 15 wards, Municipal Corporation Solan having population of 47418 is divided into 17 wards and Municipal Corporation Palampur having population 40385 is divided into 15 wards, respectively.

There is need to reduce the maximum number of wards from existing 41 to 34 in respect of Municipal Corporation Shimla. Municipal Corporation, Shimla is having the highest population and has an average population of 4987 per ward, which appears to be ideal population for a ward, which is the basic administrative unit of Municipal Corporation and to reduce it, further by creating new wards would create unnecessary administrative involvement and financial burden on the resources of Municipal Corporation. Therefore, it would be appropriate to decrease the maximum number of wards from 41 to 34 in the Municipal Corporation(s).

Since, the Himachal Pradesh Legislative Assembly was not in session and the Himachal Pradesh Municipal Corporation Act, 1994 (Act No.12 of 1994) had to be amended urgently in view of the coming elections of the Municipal Corporation Shimla, therefore, the Governor, Himachal Pradesh , in exercise of the powers conferred by clause (1) of article 213 of the Constitution of India promulgated the Himachal Pradesh Municipal Corporation (Amendment) Ordinance, 2023(Ordinance No. 1 of 2023) on 23.01.2023 and the same was published in the Rajpatra (e-Gazette), Himachal Pradesh on 24.01.2023. Now, the said Ordinance is being replaced by a regular enactment without any modification.

This Bill seeks to achieve the aforesaid objectives.

NOTIFICATION

Dated the 15th February, 2023

No. SEC (F) 2-3/2020-I-193.—Whereas the Government of Himachal Pradesh *vide* Ordinance No. 1 of 2023 dated 24-01-2023 has amended Section 6 (a) of the Himachal Pradesh Municipal Corporation Act, 1994 and reduced the maximum number of Wards of Municipal Corporation (s) in Himachal Pradesh from 41 to 34 wards;

And whereas for the conduct of general elections in 2017 the State Election Commission had notified the composition of 34 Wards of Municipal Corporation Shimla and published the same in Official Gazette *vide* Notification No. SEC-(13)-8/2016-10531, dated 06-12-2016;

And whereas territorial limits of the Municipal Corporation Shimla have not been altered, as no areas have been included or excluded therein since final Notification of wards of Municipal Corporation Shimla issued by the State Election Commission in 2016;

And whereas population figure of census operation 2011 is still in force as required under Section 2(38) of the Act *ibid* and the said figures shall be used for the purpose of reservation in respect of ensuing general elections to Municipal Corporation Shimla;

And whereas general election to Municipal Corporation Shimla was due before 18th June, 2022 but the same could not be conducted due to repeated litigation and status *quo* orders thereupon;

And whereas the State Election Commission had filed two SLPs No. 20999 of 2022 and 21010 of 2022 in the Hon'ble Supreme Court, which were pending adjudication in the Hon'ble Court. The Commission was of considered view that the SLPs had become infructuous in view of the changed circumstances due to the issuance of Ordinance No. 1 of 2023 and pendency of the SLP's may further delay the conduct of elections to Municipal Corporation Shimla. Therefore, the State Election Commission prayed before the Hon'ble Apex Court to allow to withdraw the SLPs and Hon'ble Apex Court has disposed off the SLP's mentioned hereinabove *vide* its orders dated 13-02-2023;

And whereas the Hon'ble Supreme Court of India in catena of cases in general and particularly in Suresh Mahajan vs State of Madhya Pradesh has held that the elections which are already due need not and cannot be delayed on the ground of delimitation in view of constitutional mandate;

Keeping in view the facts stated hereinabove, the Commission has decided that delimitation of 34 wards of M.C. Shimla as notified and published in the official gazette in 2016 is available and there is no need to undertake fresh delimitation of wards within territorial jurisdiction of Municipal Corporation Shimla in order to constitute the Municipal Corporation Shimla;

Therefore, the State Election Commission in exercise of the powers vested in it under Article 243ZA of the Constitution of India, Section 9 (1) of the Himachal Pradesh Municipal Corporation Act, 1994 read with Rule 9(2) of the Himachal Pradesh Municipal Corporation Election Rules, 2012, hereby directs that delimitation of Wards in respect of Municipal Corporation Shimla as finally notified *vide* Notification No. SEC-(13)-8/2016-1053, dated 06-12-2016 shall be treated as final delimitation of Wards for ensuing General Election to Municipal Corporation Shimla and the same is hereby re-published in the Official Gazette as Annexure-I earlier.

No. SEC(F)1-39/2022-२५

dated the 16th February, 2023

To

The Deputy Commissioner
Shimla, District Shimla
Himachal Pradesh.

Subject: Updation of Electoral Rolls of Municipal Corporation.

Sir,

As you are aware that the State Government of Himachal Pradesh vide Ordinance No. 1 of 2023 dated 24.01.2023 has amended Section 6(1)(a) of the Himachal Pradesh Municipal Corporation Act, 1994 and reduced the maximum number of wards of Municipal Corporation(s) in Himachal Pradesh from 41 to 34. Due to this amendment electoral rolls of Municipal Corporation Shimla have to be prepared afresh.

It was experienced during the last updation of electoral rolls undertaken in June, 2022 that certain errors were committed, especially in peripheral areas, where the ECI polling stations are fixed for Urban as well as Rural voters. Therefore, while mapping/shifting of electors, utmost care be taken to ensure that only urban electors are mapped-shifted in relevant polling stations, none other. It is requested to ensure completion of the updation work as per schedule given below :-

Sr. No.	Name of Activity	Date
1.	Mapping of Polling Stations and Sections	By 22.02.2023
2.	Verification of Electors	By 28.02.2023
3.	Mapping / Shifting of electors through ERMS Software	By 02.03.2023
4.	Shifting of Stage, Generation and printing of draft electoral rolls	By 04.03.2023

Therefore, the State Election Commission issues the following instructions for preparation of draft electoral rolls for your guidance:-

1. The data in the ERMS Software shall be available only in Working Roll.

2. Before undertaking any exercise on the ERMS, it may be ensured that the Sub-Divisional Officer(C)-cum-Electoral Registration Officer (Municipal Corporation) are apprised of the importance of this work, as maximum accuracy will be achieved with the personal active involvement of concerned Sub-Divisional Officer (C) as they are also the Electoral Registration Officer for the Assembly Constituencies.
3. The District User will map ECI Polling Station to the relevant Ward of the Corporation. The ERO or any other officer authorized shall ensure that no Polling Station remains unmapped. **If any Polling Station remains unmapped, the ERMS Software will not allow users to proceed further.** For the accurate mapping of Polling Station to a Ward of a Corporation, the District User will also take help of the field functionaries like Election Kanungo/Patwaris/State Govt. Officials working as Booth Level Officer etc. Accuracy in mapping is of utmost importance.
4. In case any ECI Polling Station (part) is broken into two Wards, in such cases the District User will map that Polling Station (part) to both the Wards. Now the end user will be in a position to see these electors at both places in order to map the electors in the relevant Polling Stations of the Municipal Corporation. However, an elector can finally figure only in one Polling Station of the relevant ward.
5. District User will create one Municipal User. However, number of users can be increased, if required. You may continue with earlier Municipal Users, if found functional.
6. In ERMS software, a Ward of Corporation is equivalent to Development Block. Therefore role of the Municipal User will be done by the District user, as the work of the Municipal User will be carried out at District level.
7. The Sub-Divisional Officer(C)-cum-Electoral Registration Officers will ensure that no Section (Revenue Village) of polling station remains unmapped to Polling Station. **If any Section (Revenue Village) remains unmapped the ERMS Software will not allow the Municipal user to proceed further.** While mapping Section (Revenue Village) to the polling Station, the Municipal User can take help of concerned Patwari or any other officials deemed fit, so that mapping is done with absolute accuracy.
8. In case any Section (Revenue Village) is broken into two polling stations, in such cases the Municipal User will map that Section (Revenue Village) to both polling stations of the Ward, so that these electors appear at both the Polling station and they are mapped to the relevant polling station by the end user. However, an elector can finally figure only in one Polling Station of the relevant ward.
9. The Municipal user will create **only one** end user for mapping. The end user can not delete or modify an elector. The duty of end user will be to map the electors to relevant Polling Station of the Ward.

10. The SDO (Civil) or any other officer authorized by him will *download working roll* of the electoral rolls of each Ward and hand them over to the respective Booth Level Officer on the same day in hard copies.
11. The list of voters appearing in working roll will have two blank columns to enter ward Number and name of polling station.
12. The SDO (Civil) or any other officer authorized by him will get the verification of electors appearing in Part-II done through Booth Level Officers (BLOs). The BLOs will insert the ward number and name of polling station of electors in the relevant columns so that the electors could be mapped in wards through ERMS. The objective of this exercise will be to generate polling station wise draft electoral rolls.
13. It will be **mandatory to generate preview of draft roll. Without generating the preview of draft roll, the ERMS will not allow the user to proceed further. A copy of preview of draft electoral roll of every polling station will be downloaded and kept for future reference.** Thereafter stage of the electoral roll shall be shifted to draft.
14. The Commission shall notify a separate program for publication of draft electoral roll and subsequent exercise thereon.
15. There is possibility of some errors in draft electoral rolls as mentioned under Rule 22(4) of the Rules ibid. It may be ensure that the draft rolls are got checked by concerned EROs and remedial action is undertaken within seven days from the publication of draft electoral rolls as required under said Rule.
16. There is possibility of multiple appearances of the name of an elector against same single EPIC No. in a Particular Polling Station or different Polling Stations of ward. In such cases only one entry will be kept whereas all other shall be deleted.
17. If an elector is appearing in more than one ward, wrong wards or Polling Station, in such cases a list will be prepared and the action will be taken as per the provisions prescribed under Rule 22(4) by the Electoral Registration Officer. Thereafter, the name of that person shall be deleted by the Revising Authority accordingly. **The name shall be deleted only after the permission of EROs in such cases.** An entry to this effect will be made in the ERMS indicating reference number allowing such deletion.
18. The required stationary for printing CDs etc. will be procured from local market after completing codal formalities. The bills of the same may be sent to District Panchayat Officer through Deputy Commissioner.
19. The data entry in the ERMS software will be done only in Hindi in *devnagri script* as provided under Rule 14(2) of the Rules ibid.

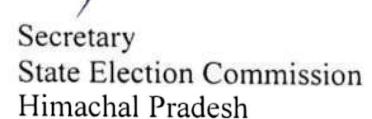

20. No User shall be debarred from the user list, as the entries done by the debarred user may become invisible.
